MEDLEY Base

The designs and color palettes in this collection are created not for picture-perfect interiors, but to complete the realities of everyday life. By maintaining visual balance, Medley Base blends naturally with the way your home is furnished, helping each space feel familiar and inviting.

Sometimes one wall is enough

You don't always have to change the whole room. One wall behind the sofa or above the bed, with the right design, can make the space feel different.

Texture that comes alive in the light

The texture on these wallpapers subtly changes with the natural daylight and from different viewing angles. So the design never looks completely flat or lifeless on the wall.

When two options sit side by side

Everyone compares two designs before buying. The variety in this album makes that comparison easy from the very first pages.

Classic, without feeling classic

Classic designs aren't always dark colors and clashing patterns. In Medley Base, you can choose balanced motifs that fit well in modern decor too.
